

IS YOUR CRANE INSPECTOR QUALIFIED?

YorkHoist Service Technicians meet & exceed
OSHA, CCAA, & CMAA qualifications

Verify technicians have at least 2,000 field hours related to the maintaining, servicing, repairing, modifying, & function testing of cranes

Verify qualified liability insurance

Verify company & employee references, safety record, licenses & qualifications

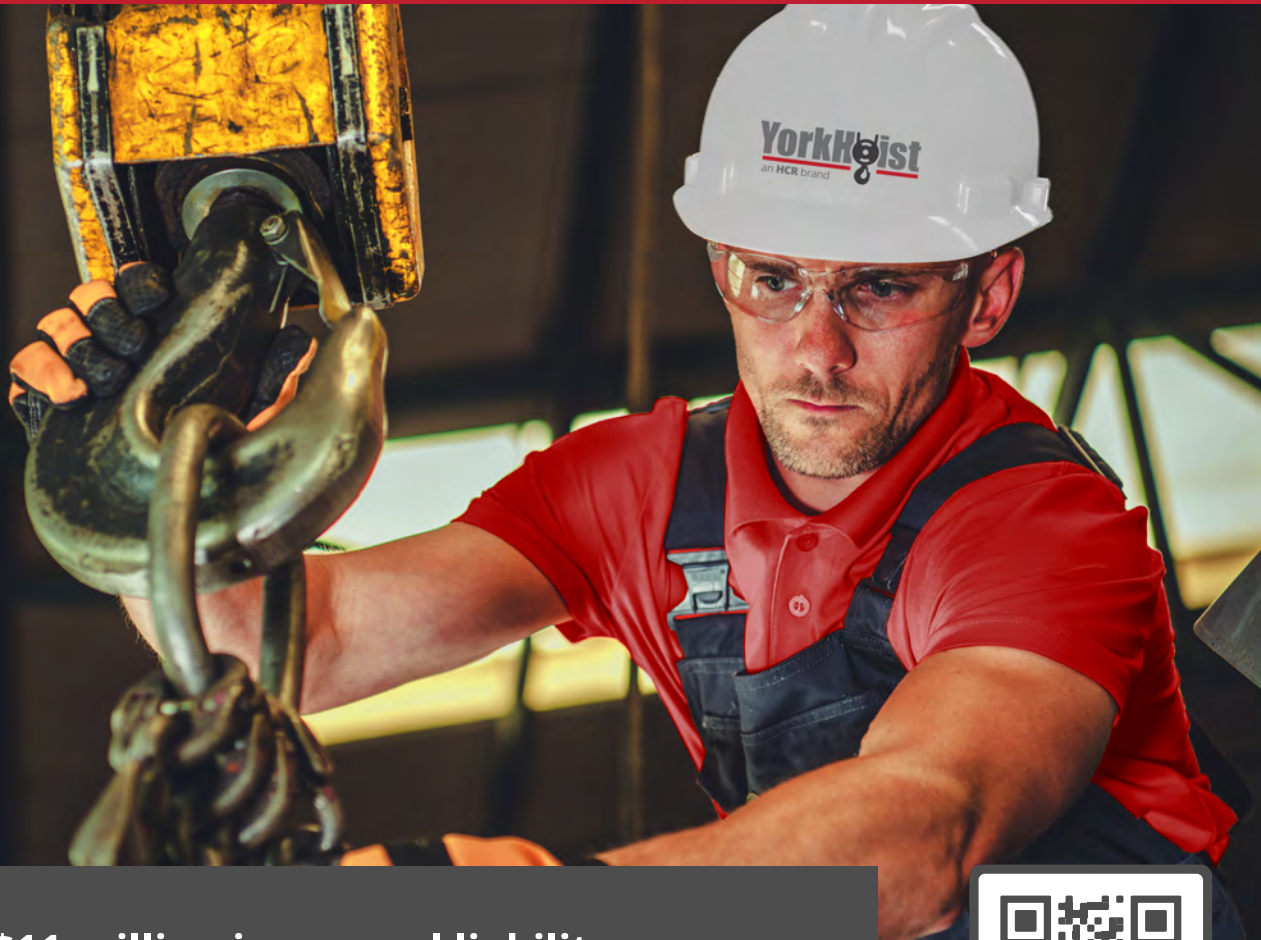

OSHA 29 CFR 1926.550(a)(6) requires an annual inspection to be completed before a crane may be operated in the United States; it states: A thorough, annual inspection of the hoisting machinery shall be made by a **competent person**, or by a government or private agency recognized by the U.S. Department of Labor. The employer shall maintain a record of the dates and the results of inspections for each hoisting machine and piece of equipment.
